

# CRAFT BREWERY LOGISTICS ON AUTOPILOT/ COST-SAVINGS MODE

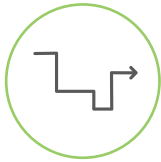

Finding a way to stand apart in logistics is hard enough, and in the world of craft beer, that isn't simply a nice-to-have, it's a **must-have**. Zengistics offers an **innovative, first-in-its-class solution** a way for craft brewers' logistics to serve as a competitive advantage to better collaboration to rise to the challenge of better beer transport and freight management. Rooted in the need for absolute transparency, instant access, and customized controls, Zengistics is ready to put your craft beer distribution on tap!

## HOW WE PUT YOUR DISTRIBUTION ON TAP

### Load Consolidation Adds Truck Capacity

*Eliminate wasted miles,  
maximize capacity*

### Route Optimization Means Faster Delivery

*Avoid congestion, delays and  
outdated ETAs*

### Analytics Insight to Lower Costs

*See and understand cost per case  
equivalent*

### On-Tap Logistics and Managed Solutions

*Hit the easy button; put it  
on autopilot*

## REFRESHING TESTIMONIALS

“ In 2018, Zengistics controlled our freight costs when much of the industry experienced double digit percentage increases.”

**JOSH CHEW**  
**FIRESTONE WALKER BREWING**

“ Zengistics is a team of innovators and understands the need for data in transportation of our brews. We have been able to effectively outsource core competencies to create data-driven management, dashboards and portals to help Stone understand how we pay for freight and how to get more value from our network through Zengistics!”

**CLINT GRAFLUND**  
**STONE BREWING**
